

Annette and Milford

I thought it was time for me to give you another testimony on what God has blessed us with over the past year. Of course, you know about the blessing of my baptism and how difficult it was for me to be in front of everyone to give my testimony. But God gave me the words and the faith to do what I knew, deep in my heart, needed to be done! I thank you and God for being there with me on that very special day. I also know that God was and is with us all each and every day, even though, we, as a family, have had to deal with underage drinking, drugs and yes even the birth of a beautiful grandson to my 16 year old son and his girlfriend! God gave us the strength, love and patience to know what to do in each situation to bring our family closer together and not farther apart.

By being involved with the Awana program, all the kids in that program and meeting all the families involved, along with the other helpers and leaders, I have realized how truly blessed we are to still be together after all the tough times we have been through. I know that God has a plan for each of us and I believe that our coming to this church, becoming involved with the Awana program, and some of the other things with the church, were a true blessing from God above. He pulled us together as a family and brought us out of our shell so that we could help others. I know now that our coming to GCAC was no mistake! The good Lord above knew what we needed and led us to this church to help us, so that we could help others. I know that we are not perfect, but with God's help we will be able to overcome any obstacle that might come our way. Thank you all for supporting, listening, and loving us!
