

**Cindy (Giving)**

We have been praying about what God would have us give over and above our tithe for the Catch the Vision campaign. Things are very tight right now because we have gone from a two-income family to a one-income family after the birth of our fifth baby this past year, but we really believe in the building program and have caught the vision of what God wants us to do here at GCAC. So we were blown away when out of the blue my husband was called into his boss's office and given a raise effective April 10th for the same amount that we were feeling led to stretch out in faith to pledge to the capital stewardship campaign. God is so good! We can't wait to see the miracles that are going to happen once people step out in faith and start investing in the Kingdom!
